### **III. PARTIES' POSITIONS**

1. Requestor: letter dated 05/17/02  
"The date of service involved in this dispute was from February 22, 2001 for treatment regarding the above-referenced claimant's work-related injury. The Carrier denied payment with payment exception code 'M' items provided in the UB-92, which were treatment codes without a 'MAR'."

2. Respondent: letter dated 06/02/02  
“The Requestor has failed to establish that its charges and the reimbursement that it seeks is fair and reasonable and complies with the Texas Workers’ Compensation Act or TWCC Rules.”

#### **IV. FINDINGS**

1. Based on Commission Rule 133.307(d)(1&2), the only date of service eligible for review is 02/22/01.
2. The provider billed a total of \$6,515.98 on the date of service in dispute.
3. The carrier reimbursed a total of \$483.72 and its EOB has the denial “M – No MAR/ASC reimbursement is based on fees established to be fair and reasonable in your geographical area.”
4. The amount in dispute per the TWCC-60 is \$6,032.26 the difference between the billed amount and the amount reimbursed.

#### **V. RATIONALE**

The medical documentation indicates the services were performed at an ambulatory surgery center. Commission Rule 134.401 (a)(4) states ASCs, “shall be reimbursed at a fair and reasonable rate...”

Section 413.011 (d) of the Texas Labor Code states, “Guidelines for medical services must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fees charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. The Commission shall consider the increased security of payment afforded by this subtitle in establishing the fee guidelines.”

The carrier has submitted their methodology meeting the requirements of Commission Rule 133.304 (i).

The provider has submitted EOBs from this carrier to document what they consider inconsistent application by the carrier of it’s own methodology, EOBs from other carrier showing a higher percentage of the billed amount reimbursed, and a reimbursement log of other EOBs. This list of EOBs shows the date of service, the amount billed, reimbursed, percentage of the billed amount reimbursed, and the payer of the bill.

Regardless of the carrier’s application of it’s methodology, lack of methodology, or response the burden is on the provider to show that the amount of reimbursement requested is fair and reasonable. The provider’s documentation is EOBs or is based on EOBs. An analysis of recent decisions of the State Office of Administrative Hearings indicate minimal weight is given to EOBs for documenting fair and reasonable reimbursement. The willingness of some carriers to provide reimbursement at or near the billed amount does not necessarily document that the billed

amount is fair and reasonable and does not show how effective medical cost control is achieved, a criteria identified in Sec. 413.011(d) of the Texas Labor Code. Therefore, based on the documentation available for review, the Requestor has not established entitlement to additional reimbursement.

The above Findings and Decision are hereby issued this 1<sup>st</sup> day of July 2002.
